③ LIMEch News (Tablets)

④ Home-task (Phone and Tablet)

The diagram illustrates a mobile application interface for managing home tasks. It features a title bar at the top with a back arrow and the text "Homelask". On the right side of the title bar is a circular button with a plus sign, labeled "Add Homelask Button". Below the title bar, the interface is split into two main sections. The left section is a "List View" containing a table with two columns: "Subject name" and "Date". The right section is a form for adding or editing a task, with labels "Delete" and "Edit" at the top, followed by input fields for "Subject:", "Date:", and "Description:". Labels with arrows point to the "Delete" and "Edit" buttons, and another label points to the "List View" section.
